

# 2023 European HDF User Group Plugins & Data Compression Summit

19-21 Sept 2023

DESY synchrotron lab, Hamburg, Germany

See <https://indico.desy.de/e/ehug2023> for  
information, registration and abstract submission

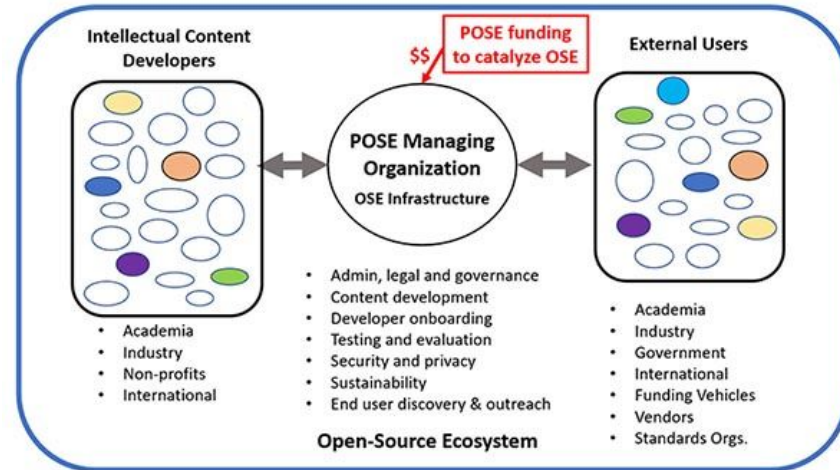

# Purpose of summit

Special topic - *Long-term access to HDF5 plugins and data compression*

## Goals:

- Assess the state-of-affairs
- Divide-and-conquer approach: *Many hands make light work*
- Ownership, coordination, and steering
- Define
  - Interfaces between producers and consumers
  - Testing and certification frameworks
  - Reference platforms
- Identify infrastructure needs

# Visiting DESY and Hamburg

DESY is a leading accelerator centre, with large user facilities for X-ray science and research in accelerators, particle physics and other fields. The campus is in Hamburg in north Germany, with good transport links to the rest of the city.
